

GISCODE Key

I. Calcium sulfate products

CP 1 Calcium sulfate-based levelling compound

II. Dispersion Products

D 1 Solvent-free dispersion floor laying materials
D 2 Solvent-free dispersion floor laying materials, aromatic HC-free
D 3 Low-solvent dispersion floor laying materials, toluene-free
D 4 Low-solvent dispersion floor laying materials, contain toluene
D 5 Solvent-containing dispersion floor laying materials, aromatic HC-free
D 6 Solvent-containing dispersion floor laying materials, toluene free
D 7 Solvent-containing dispersion floor laying materials, contain toluene

III. Epoxy resin products

RE 0 Epoxy resin dispersion
RE 1 Epoxy resin products, solvent-free*, sensitizing
RE 2 Epoxy resin products, low-solvent, sensitizing
RE 2.5 Epoxy resin products, solvent-containing
RE 3 Epoxy resin products, solvent-containing, sensitizing
RE 4 Epoxy resin products, toxic component(s), low-solvent, sensitizing
RE 5 Epoxy resin products, toxic component(s), solvent-containing, sensitizing
RE 6 Epoxy resin products, toxic, low solvent, sensitizing
RE 7 Epoxy resin products, toxic, solvent-containing, sensitizing
RE 8 Epoxy resin products, carcinogenic, low-solvent, sensitizing
RE 9 Epoxy resin products, carcinogenic, solvent-containing, sensitizing

IV. Polyurethane products

RU 1 Polyurethane floor laying materials, solvent-free*
RU 2 Polyurethane floor laying materials, low-solvent
RU 3 Polyurethane floor laying materials, solvent-based
RU 4 Polyurethane floor laying materials, high solvent content

V. Products with high solvent content

S 1 Highly solvent-containing floor laying materials, aromatic HC and methanol free
S 2 Highly solvent-containing floor laying materials, toluene- and methanol-free
S 3 Highly solvent-containing floor laying materials, aromatic HC-free
S 4 Highly solvent-containing floor laying materials, methanol-free
S 5 Highly solvent-containing floor laying materials, contains toluene and methanol
S 6 Highly solvent-containing floor laying materials, contains toluene

VI. Cement-based products

ZP 1 Cement-based products, low-chromate
ZP 2 Cement-based products, not low-chromate

VII. Silane-modified polymers

RS 10 Silane-modified polymers, containing methoxysilane

Product groups applicable to Thomsit products

*Solvent-free acc. To TRGS 610

Special product group information and standard instructions for use are obtainable from GISBAU Gefahrstoff-Informationssystem der Berufsgenossenschaften der Bauwirtschaft, P.O. Box 600, Frankfurt/Main (dangerous substance information issued by the Builders Trade Association)
